Shrek and friends bizarre adventure: the complete saga

by [Shrekanankin](#)

Summary

The greatest anime series ever made by a human, following the adventures of Shrek and his ever growing crew, and all the strange adventures they go on. This goes out to all my boi's on Discord. <https://discord.gg/Fk83yRd>.

BTW, this is technically gonna be a retcon of my old Shrek and Friends bizarre adventure fic, so yeah.

It basically goes over the adventures of Shrek and his crew of dank memes, and there many adventures. The battle between good and evil is ver prominent in here.

(anime OP plays, you can already expect how it would go)

Today was a very important day for the Baxter household. I mean, Cory's dad was fired from the White House a year ago, but what the fuck. It doesn't fucking matter anyway.

(song suggestion: <https://www.youtube.com/watch?v=vvUQcnfwUUM>)

So the scene cut to Cory Baxter, Victor Baxter, and any other members of the Baxter family in the kitchen while In The Summertime played on a speaker in the background. "So the guests have showed up to the door just now Cory. You ready?" Vitor asked politely as he got close to the door. "Well, I have no idea what could possibly show up, but I'm excited to see whats gonna show up." Cory replied in return. "Well, the guests are some of the dankest memes You've ever seen." Victor said

"Well, I could probably use a bit of an introduction to them." Cory said in a somewhat nervous voice.

"Well, I might as well open up the door." Victor said just before he opened up the door.

As he opened up the door, a strangely large bee that was just slightly taller than Barry showed up at the door. "This is Barry B. Benson from Bee Movie. He knows a lot about biology and law, and can fly extremely fast." The announcer from Super Smash Brothers Brawl said as Barry's bio flashed on screen. "BEE!" Cory yelled as he grabbed a random crowbar out of nowhere. "Woah Woah, don't hurt me! I never did no harm!" Barry said as he tried dodging the attack.

"Well, I didn't expect the bee from bee movie to show up at my door. I mean, everyone is from something, but I didn't expect you to be taller than me." Cory said in a shocked voice. "Well, we should hopefully get along decently well." Barry said as he shook hands with Cory.

Meanwhile, outside of the house, a random taxi driver from an anime made by some guy on Naboo was driving a car (cause in this universe, everyone is from something, no exceptions). Shrek came out of the car with a speaker.

"Thanks, that was the best uber drive I've ever had." Shrek said as he waved at the dude. "No prob my nigga." the uber driver said. Shrek walked up to the house as the uber driver drove away.

Shrek knocked on the door

Cory went up to the door, and put his hand next to the door knob. Cory was sweating with anxiety, not knowing what kind of crazy guest's would show up. Cory opened up the door.

(song suggestion: <https://www.youtube.com/watch?v=4qlCC1GOwFw>)

"Oh hello there." Shrek said while smiling and playing One Step Close by Linkin Park really loudly. "OH MY FUCKING GOD!!! I WAS NOT EXPECTING THIS TO HAPPEN!!!" Cory screamed in utter shock of the fact that Shrek from Shrek was here. "This is Shrek from

Shrek. He is practically the king of memes, and knows a lot about Bionicle lore, and edgy music." The announcer said as Shrek's bio flashed on screen.

"Oh hey Shrek, good to have you here." Barry said as him and Shrek shook hands. "Yeah, I think inviting us to this party is no coincidence." Shrek said as he smiled at Barry.

Suddenly, the door flew open. A kid with fiery hair, and a turbo charged jetpack came flying in. "This is just like that Bee Shrek Test in the House meme." The kid said, and btw, if it weren't obvious already, the kid is Johnny Test.

"Your right! All you guys at the party is no coincidence." Cory snapped.

"Wait, do you know these guys?" Johnny asked Cory.

"Not personally, just from there respective movies." Cory replied

"Honestly, same. I'm not really friends with them. Johnny said just before his bio flashed on screen.

"Johnny Test is a naive dude who is very good at handling all kind of gadgets and technology. Not sure if he is smart enough to handle the technology, but he's good at using it anyway. Very energetic and eager dude, and you two will probably become good friends quickly." The announcer said.

"Oh, but thats not all. We still got two more." Victor Baxter said as he raised an eyebrow.

Suddenly, a fat dude with a mustache riding a segway came riding into the house. "Paul Blart is a legendary maul cop who despite his looks, can actually kick some serious ass. He can be silly, but has good intentions, and does generally want to be satisfied." The announcer said.

Everyone stared in wonder at the fact that Paul Blart even showed up. "This is totally dank." Paul Blart said as he got off his segway. "That was an unexpected guest." Shrek said as he gave a round of applause.

Suddenly, Spongebob just straight up walked into the house. "Spongebob is and excellent fry cook, and a nice, hardworking sponge. Despite all this, he still see's the good within the bad guys, and can be quite empathetic." The announcer said.

"Well, thats all the guests." Victor said.

"Well, I guess all those memes came true." Johnny said.

"Well Cory, I guess its time for the presents." Victor said.

"Yeah, I'm excited to see what I got." Cory replied in excitement of what he could potentially get.

So it just went through a boring montage of stuff you'd expect him to get, until one fateful moment.

"Well Cory, you ready for the last present?" Victor asked while smiling and blushing a lot.

"Well... sure, This could be really interesting." Cory said as he and the rest of the crew was shaking with excitement.

"Well, follow me if you really want to know." Victor said as he waited by the door, caressing for them to come outside.

"Come on, better see what he got." Spongebob said as he lead the way.

(song suggestion: <https://www.youtube.com/watch?v=2bE64n1IDmQ>)

The whole crew walked out the door, and started to follow Victor to wherever the fuck he was going

"I can only predict what he's gonna get." Barry said randomly. "Probably a telescope that lets him see all the nude women he wants." Johnny replied. "Oh, that actually sounds like something I want" Cory replied.

"Eh, I would just want a Maxilos and Spinax set for my next birthday to be honest." Shrek interjected on about his enjoyment for Bionicle. "Yeah, that set has a shit ton on articulation." Paul Blart replied.

"I actually know a bit about the complex lore of Bionicle." Cory replied as he tried flirting with the boys (I guess its in character in a context like this). "Oh yeah, Pohatu was always my fav." Johnny Test interjected.

The boi's just kept walking, and walking, doing what you think they'd be doing, I'm lazy, I know that.

"Well Cory, time to reveal your last present." Victor said as he stood in front of a building covered in a big old tarp. "A building of all thing?" Cory said in confusion. "For everything I've done for the family." Cory said.

"Oh, it's better than just that." Victor replied. "Remove the tarp please." Victor ordered.

A bunch of helicopters lifted off the tarp that was attached via rope. "I present to you....." Victor said as a drum role started playing.

"Your very own shopping mall!" Victor said as he presented the mall.

"A shopping mall?" Cory said in shock of what just happened.

"It was an old abandoned shopping mall, so I decided to give to to you for your birthday." Victor said as he stood next to his son.

"Well, thanks, but...." Cory hesitated.

"What?" Victor asked.

"I just don't know what we'd do with it?" Cory asked.

"Well, it can be your new main hangout." Victor said with a cheerful smile.

"Yeah, but I don't really know these guys personally all that well. But I like the meme. Just don't know if this is gonna work out." Cory said.

"Well, You've seen there source materials. You should have an idea of how they act." Victor said as he tried to encourage Cory.

"Well, I guess we could form like a super team as a compromise to this. They are your friends I assume?" Cory said.

"They are my friends, and the super team, or vigilantes sounds like a good idea." Victor said with a smile and a proud voice.

"Well, lets just hope this works out for the dude." Shrek said as he laid his big green hand on Cory's shoulder.

"Yeah, lets hope we got some more people who can potentially help us out." Cory replied in response as he looked into the eyes of Shrek.

Johnny came in. "I have some people who can help out at the mall." Johnny said. The two test sisters, along with Dukey showed up.

"Well, I totally got me wife Fiona, and one of my long time teammates, Donkey." Shrek said. "Alright my epic gamers." Donkey said as he showed up with Fiona.

"Well, if we haven't had enough yet, here you go." Paul Blart said. A mechanical looking figure leaped onto the ground and subtly cracked the ground a bit. The figure looked up at everyone.

"I am Nuparu, toa of earth, and former member of the Toa Mahri. I can handle plenty of inventions, and am good at constructing mechs." Nuparu said as he brushed himself off a bit.

"I mean, thats nice and all, but the Test sisters can also do stuff like that to." Johnny replied.

"Eh, Nuparu is a Bionicle dude, so who cares." Paul Blart interjected.

"How bout you Spongebob?" Barry asked Spongebob.

"Well, I got me, Patrick, Squidward, Plankton, and Krabs." Spongebob said as they all showed up.

"I like money." Krabs said.

"Eh, I got Phil Swift." Barry said.

"Hi, Phil Swift here for Flex Tape." Phil Swift said.

"Okay, but what's everyone gonna do?" Cory asked.

"Well, Paul was gonna be a maul cop, Phil will be a salesman, and everyone else can choose whatever." Victor said.

Everyone just walked into the mall I guess.

Meanwhile, in another realm....

"Rise dark lord..." and evil voice said.

(badly translated japanese) "Yes, Illuminati..." A japanese sounding voice said.

"There is a new threat emerging. It is apparently a team consisting of dank memes. They could be a major threat." The Illuminati said.

"We must not let them rise, we must do something." the japanese voice said once again in badly translated Japanese.

"You must assemble a brotherhood, of evil..." The Illuminati said.

"Yes, I must contact any evil force I can contact." The japanese voice said.

"You know what to do Chin Chin." Illuminati replied.

Chin Chin rose from his chair, and got to a phone, and put his hand on the phone.

Then the episode ended.
